GEORGE WAYNE MEETS
DEADWOOD'S IAN MCKHANE

**THE WHITE HOUSE
WHEEL OF LIES**

HOW YOU TOO CAN "FIBULATE"
LIKE THE PRESIDENT!

MISSY PEREGRYM

AGE AND OCCUPATION: 23, actress. **PROVENANCE:** Vancouver, British Columbia. **STICK IT ON:** Peregrym, who previously shone in the short-lived ABC series *Life as We Know It*, stars in *Stick It*, a gymnastics comedy directed by *Bring It On* writer Jessica Bendinger. **DANCE, MONKEY!** After having scrounged an audition—which she got only because Bendinger accidentally TiVo'd 10 minutes of *Life as We Know It* and loved it—Peregrym had to impress the *Stick It* people with a dance routine. "I am not a dancer," she says. "I remember screwing up and just, like, making stuff up. It was so awkward." **ACTING A-BRIDGED:** Of her *Stick It* co-star, Jeff Bridges, she gushes, "He's an amazing actor. One time he took me aside and he was like, 'I want to go over this scene again, but don't say the lines. . . . Say it in your own words, what you're trying to get across.' It was the coolest exercise." The Dude certainly does abide. —ERISTA SMITH
